

**Operational Resource Planning**

After learning about the 4 categories of resources, list all the resources that would need to be used in your venture. Split your resources into the following 4 categories that we have discussed in class. Be as detailed as possible in your analysis but you can use miscellaneous for very small items.

Capital Resources

<b>Resources Needed</b>	<b>Estimated Cost</b>

Expense Resources

<b>Expected Expense</b>	<b>Estimated Monthly Cost</b>

Technological Resources

Resources Needed	Estimated Cost

Human Resources

Position	Job Description	Quantity	Qualifications	Expected Pay
